Gentlemen:

This letter is in reply to your request of November 1, 1993 for an extension of the certificates of compliance for the vehicles/containers you use under your Hazardous Waste Transporter Registration No: 0139, Expiration Date October 31, 1994.

Pursuant to Section 66263.14, Division 4.5, Title 22, California Code of Regulations, all vehicles/containers used to transport hazardous wastes must bear a current certificate of compliance issued by the Department of Toxic Substances Control (DTSC). Due to the circumstances that occurred during the renewal of your hazardous waste transporter's registration, DTSC is granting you a one-time extension of the certificates of compliance issued to your vehicles/containers until November 30, 1993 or until your vehicles/containers are all inspected and certified, whichever comes first.

This extension applies only to the vehicles/containers certified during 1992. It does not apply to any other vehicles/containers in your possession. The conditions of this extension are as follows:

1. Contact your local California Highway Patrol (CHP) Motor Carrier Safety Unit, to schedule the inspections for the vehicles and/or containers which have not been certified for the current year.
2. The vehicles which have not been inspected may be used to transport hazardous waste under this extension until they can be scheduled for inspection by the CHP, Motor Carrier Safety Unit.
3. After all your vehicles have been inspected and certified by the CHP, the vehicles transporting the full containers must be properly certified.
4. Transport full containers with expired certificates of compliance immediately to a properly permitted disposal site to be emptied.

5. The containers shall be returned to your yard for the inspections.
6. A copy of this extension, along with a copy of your current registration certificate and a properly completed manifest must be carried in each certified vehicle which transports the uncertified containers filled with hazardous waste.

This extension does not relieve the grantee from compliance with any other applicable sections of the Health and Safety Code or regulations adopted thereunder.

If you have any questions regarding this extension, you may call the Transportation Unit at (916) 324-2430.

Sincerely,

Lloyd A. Batham III, Chief

TERMS

All invoices are due and payable on a net 30-day basis. ALL PAST DUE AMOUNTS OWING TO ECOLOGY CONTROL INDUSTRIES (ECI) by the Customer shall bear interest at the rate of not less than 1-1/2% per month or at the highest rate permitted by law, whichever is less, until paid in full.

The Customer agrees to pay all sums due to ECI at their principal accounting office in Torrance, California. This order shall be governed in accordance with the Laws of the State of California. In the event proceedings may be instituted to enforce payment of the amount due on this delivery, it is agreed that the Customer shall pay to ECI, in addition to price noted, all attorney's fees and costs reasonably incurred by ECI in effecting collection of the amount due. The Customer agrees that venue and jurisdiction for any action or suit brought to collect any amount due shall be in Los Angeles County, California.
